

Dear Parents,

Our school has implemented a program called *i-Ready*[®] *Diagnostic* that will provide our students with an innovative diagnostic assessment. *i-Ready Diagnostic* helps teachers/parents to effectively assess their students and then provide individualized instruction based on each student's unique needs. *i-Ready Diagnostic* assesses the following skill areas:

Reading

- Phonological Awareness
- Phonics
- High-Frequency Words
- Vocabulary
- Comprehension

Math

- Number and Operations
- Algebra and Algebraic Thinking
- Measurement and Data
- Geometry

i-Ready Diagnostic begins by giving students an adaptive assessment in reading or math. An adaptive assessment is a test that automatically adjusts the difficulty of the questions according to each student's performance in order to determine his or her abilities in reading or math. Before your child begins the assessment, it's important to set appropriate expectations. *i-Ready* is a very different kind of test that presents students with questions that can be both too easy and too hard. It is designed to do this until the assessment finds exactly the level at which the student is performing. Therefore, your child will certainly see some items above his or her level. Encourage your child to independently complete the test to the best of his or her ability, and know that it is okay to get questions wrong.

Each time a student gets an item incorrect, he or she will be presented with a simpler question until the diagnostic finds the grade level at which the student is performing. The assessment efficiently assesses students across multiple grade levels, allowing for identification of root causes of students' struggles or for identification of areas where a student is ready for further challenge. This information will then provide the teacher with a "road map" to instructional remediation.

i-Ready Diagnostic provides a series of comprehensive reports designed to make home instruction more effective. These reports include data about student performance as well as detailed teaching suggestions (request from your CVA teacher) to help make informed decisions about the instruction that is right for your child.

Should you have further questions, please do not hesitate to contact your child's teacher. For more information on *i-Ready Diagnostic*, please visit the Curriculum Associates website at www.CurriculumAssociates.com.
